1	This is NOT a true introduction class!!!!
2	First of all, Professor Ghosh is extremely enthusiastic about the material. I always went to class knowing he was prepared and wanted us to learn as much as possible. He always answered e-mails quickly and respectfully. I believe my biggest barrier in this class was myself because my brain just does not comprehend economics clearly. However, he always tried his hardest to explain it to me. He does carry a heavy accent, so the first few weeks were hard to understand his lectures clearly, but it was not a problem after awhile. I believe this course would become better if more of the students participated! My professor tried his hardest to get the students involved.
